SUMMER SOLSTICE CEREMONY

Misako is a wandering, free and playful spirit. :) She channels wisdom from the Earth, the cosmos and her ancestors to support healing transformations in the spaces she holds. She brings a wealth of experience from her work as an acupuncturist, Qigong practitioner and psilocybin facilitator.

r. tanksley is mom of two incredible universes, a celebrated educator, an ardent environmentalist, and a domestic violence survivor. In poetry, she encapsulates her moments of waxing and waning emotional intensity and as an empathic intuitive, shares insight and clarity with readers. She makes up one half of Altered Tarot, alongside k. hiatt's expressive photography.
